LE VIN

For some it is driven by passion, by a friendly moment, or is an "art de vivre a la française",
but all agree it is a joyous moment best shared.

At La Belle Vie, we believe wine deserves respect. Respect for the work that goes into each bottle.
The grape growers "Vignerons" we work with, cherish the environment and respect the precious terroir.

Many of our featured wines are organically farmed with biodynamic principles.

- Employing compost as fertilizer
- Avoiding most pesticides
- Low use of sulphite
- Small production
 - Low yield
 - Manual work
- Hand-picked grapes
- Treating the earth as "*a living and receptive organism*"

From featuring wines from Domaine considered some of the best in the world
to introducing young rising stars as well as showcasing classic, established Vignerons,
we are proud of our intimate, ever-evolving wine list.

To ensure the quality of each wine, our bottles are stored in temperature and humidity-controlled environments,
protected from UV light and vibration.

*Santé to sharing a wonderful moment, santé to a Belle Vie!
A Beautiful Life!*
